+ The **SG500** is an energy-efficient printer that is perfect for the hobbyist or moonlighter! With high resolution capabilities, the **SG500** prints on media up to 8.5" x 14" which gives you the ability to apply custom artwork to a wide variety of popular items from mugs and coasters to phone cases and awards. The **SG500** has been redesigned inside out to perform more efficiently, connect more easily, and deliver better output than ever.

Product Benefits

SAWGRASS™

Extreme Print Quality.

Print resolutions up to 4,880 x 1,200 dpi using specially-formulated ink to deliver superb, consistent color.

Fast Image Processing.

The use of a brand new processor allows faster image processing improving the ability to create high quality products.

Exceptional Print Sizing.

Prints on media up to 8.5" x 14" allowing customer artwork application to a wide variety of popular, high-margin items.

Automatic Maintenance.

Performs its own automatic maintenance cycle for trouble-free printing with unlimited tech support.
